The limitations found in claims 1-7, 9, and 21 are neither disclosed nor taught by the prior art of record, alone or in combination. The limitations found in claims 10-15 are neither disclosed nor taught by the prior art of record, alone or in combination. The current art of record does not disclose the limitations of "placing a wafer over a stationary concave chuck portion and applying the force by a movable portion to the wafer to conform to the concave chuck portion" in combination with the other limitations recited in claim 10.

The limitations found in claims 16-20 are neither disclosed nor taught by the prior art of record, alone or in combination. The current art of record does not disclose the limitations of "a force applying portion having a movable portion that moves with respect to the substrate receiving surface that applies an attractive force between the substrate and the chuck system" in combination with the other limitations recited in claim 16.
